Parade Opens Lac La Biche Sports

District Resident Honored At Party

LAC LA BICHE MISSION — A shower held recently in honor of Paul Tardif was organized by his brother Emile, his relatives and friends.

The event was a surprise to Mr. Tardif who was presented with many beautiful gifts.

The entertainment took the form of a dance with music supplied by Emile Tardif and Louis Cloutier. Lunch was served to climax the pleasant evening.

The marriage of Paul Tardif and Yvette Schaub will be held soon.

Road Completed To McMurray

OWL RIVER— Mr. Coast, superintendent of forestry, has completed a road from the Owl River to McMurray.

Mr. Gatze, also a forestry officer, advises that, due to the extremely wet weather, it is not safe to try the trip in a car or farm truck.

SPORTS DAY AT Lac la Biche attracted a large crowd to watch the parade, ball game and farm machinery displays. Happy to see anyone, any day, are Walter Ilnicki, left, and Wally Wolf. Mr. Ilnicki, manager of Lacland Sales and Service in Lac la Biche and Boyle, had the largest display at the fair grounds. Special effort was put into this by the two men as some of the machinery was moved to town from the Grassland firm, 32 miles away. Mr. Wolf is new salesman with the company. The fact that he was prominent on the streets during the parade, taking movie and color pictures, is because of his keen interest in photography. He was manager for the photography department of Hughes-Owen of Canada for eight years, and was a sergeant when he left the Air Force.

Top Money In Senior Baseball Tourney Taken By Lac La Biche

LAC LA BICHE — The annual ball tournament and sports day, held July 1, was attended by a record crowd estimated to be 3,000. The warm, sunny weather added much to the pleasure of the day.

For the first time in the history of the town a parade started off the events of the day.

Directed by Jack Williams mounted on a spirited saddle horse, the parade got under way promptly at 11:00 a.m. at the Lower School and made its way through the main section of the town, down Nanton Street to Lake Promenade, past the hospital and ending at the Sports Ground.

Headed by the RCMP in their scarlet tunics and the Citizens' Band in bright red cardigans, many colorful floats, a Red River cart, western style horsemen as well as a young rider on a Shetland pony, a decorated truck, bicycles, clowns and displays of machinery thrilled the hundreds of spectators lining the streets along the parade route.

Those entering floats and displays included Patry's Bakery, York Hotel, Hayward's Lumber, Robinson's Stores, Michael Hamar Ltd., Hudson's Bay, Canadian Legion, Fire Brigade, Coutney's Billiards, H. Mawson, K & W Transport, Lac Land Sales and Service, Lac la Biche Sales and Service, G. Hominiuk, O. K. Motors, Little Egg Lake Bible Camp, Red River cart driven by Garry Cadieux, Shetland pony ridden by Billy Hamilton, western style saddle horses ridden by the McDonald family, Harold Mawson and Jay Cadieux, decorated bicycles ridden by Patty Booker and Rhoda Clarke and a motor scooter driven by Alan Mastaler.

A splendid ball tournament was run off on schedule with eight teams competing in senior ball. Games were played as follows:

Lac la Biche versus Grassland, score 4-1; St. Lina versus Wandering River, 7-1; Vilna versus Boyle, 2-1; Kikino versus Amber Valley, 5-2.

Semi-finals: Lac la Biche versus St. Lina, 6-0; Vilna versus Kikino, 5-0.

Finals: Lac la Biche versus Vilna, 9-2. Lac la Biche took top money for the day.

In the Pony League only one

(Continued on Page 12)

Find Missing Child Chest-Deep In Water

LAC LA BICHE — Dr. and Mrs. Bouvier had several anxious hours Dominion Day while holidaying at their summer cottage at Mission Beach.

Their three-year-old son, Bernard, wondered away from the other children while collecting shells on the beach about 3 p.m. A search of the immediate area failed to find the child.

The RCMP were notified and additional searchers went out from town. Finally, 3½ hours later, a man in a motor boat searching along the shore line spotted the child in the reeds along the shore. The little boy was standing in water up to his chest, nearly 2½ miles from the cottage.

The reason most people work is that when labor ceases, the paycheck also ceases.

South Haylo Rodeo To Draw Cowboys From Alberta, Sask.

SOUTH HYLO — Over 30 cowboys from Alberta and Saskatchewan will compete in an amateur rodeo on Friday, July 15, and Saturday, July 16, starting at 1:00 p.m.

A square dance will be held after the rodeo which will be held at the McDonald Ranch, the 4B half diamond, eight miles south of Hylo.

A refreshment booth on the grounds will provide light meals, coffee, ice cream and refreshments.

Here is a list of prizes: Bareback Riding $20; Wild Horse Race $ 5; Milking $15; Saddle Bronc Riding $30; Calf Roping $30; Steer Wrestling $30; Steer Riding $15; Boys' Steer Riding (16 years and under) $6.

These are the minimum amounts of prize money. Winners will also receive entry fee money.

There will be 100 head of "bucking" stock ready for action.

Admission will be $1.00 for adults and 50c for children from 10 to 16 years. Children under 10 admitted free.

L. J. Diesel Honored At Italian Dinner

OWL RIVER — R. H. Diesel cooked and served an Italian dinner for 22 guests in honor of the birthday of his father, L. J. Diesel. He was assisted in the making of the birthday cake by his sister-in-law Mary. They did not attempt the huge, realistic pickerel cake similar to the one they made last year.

Mud Encountered By California Guests

PLAMONDON — Visitors from the United States at the home of Mr. and Mrs. J. Arthur Varin were Mr. and Mrs. Leroy Enoch who motored from California to visit their long-time friends.

En route to the Varin home Mr. and Mrs. Enoch encountered rain, mud and roads in such a state the travellers had to be pulled through on the lake shore road by tractor.

Better weather next time was the wish extended to the visitors by district residents.

GOING FISHING?

If you would like to bring home a catch like this then read about the fishing spots where they really bite in the Lac la Biche and Spedden - Vilna fish pages in Alberta Country Life this week.

THE Homemaker

By BERTHA M. McCUTCHEON

Plastics are everywhere in our homes — the telephone in the hall, the bright cannisters in the kitchen, the shower curtain in the bathroom — even the nylons on our legs. But most of us don't know one plastic from another.

B. McCutcheon

The housewife whose plastic measuring spoons warped when she measured boiling water probably is certain that all plastics melt in heat. What she didn't realize is that different plastics have different uses — her measuring spoons were never intended for extreme temperatures but she can buy a wide variety of kitchenware which heat will not harm.

Heat is the keyword in distinguishing plastics. Though we see plastics in hundreds of colors and dozens of forms, all plastics can be placed into two divisions depending on their reaction to heat. Plastics are either thermoplastic or thermosetting. And knowing which is which is the key to getting the most wear and service out of the plastic items we buy.

Thermoplastic: These plastics soften when heated and harden when cooled. They are much like ice cubes, wax candles or chocolate bars in their reaction to heat. Since they undergo only a physical change during their formation, they can be softened and then hardened again and again.

Thermosetting: Plastics harden into permanent shape when subjected to heat and pressure. They undergo a chemical change and once hard, can never be softened again. They are like an egg which has been hardboiled. You can never make it softboiled again.

Thermosetting plastics are used for such household items as iron handles and electrical outlet sockets while thermoplastics are used for kitchen-ware and items such as shower curtains or toothbrushes. Polyethylene is a thermoplastic, as is nylon.

Some thermoplastics have higher points of heat resistance than others. For example, articles made of nylon plastic can be boiled with no damage while items made of cellulose acetate will warp in boiling water the way the measuring spoon did. Soft, flexible polyethylene containers should not be boiled but the new rigid polyethylene now on the market can be boiled safely.

Reputable manufacturers are labelling their products with information about what type of plastic they are made from and what their limitations are. Look for these tags and get more pleasure out of the plastic items you buy.

The Canadian Home Economics Association is holding its eleventh biennial convention in Edmonton July 7, 8 and 9.

Entertainment and hospitaltiy will feature the western theme.

A pre-convention conference was held July 4, 5 and 6. Dr. L. B. Pett of the Nutrition Division, National Health and Welfare, spoke on "Putting Nutrition Across."

On Friday evening, July 9 at 8:30 p.m. there will be a public meeting in Convocation Hall where Dr. Elizabeth Chant Robertson will speak on "Food, Health and Economy."

If I am not in the office I went that a-way.

Spruce Valley

Mr. and Mrs. Sam Iwanaka and family of Edmonton were weekend guests at the home of Mr. and Mrs. Karl Zilinski and family.

Mike Chomiak of Edmonton visited at his farm here during the weekend.

Mr. and Mrs. Koltowski have returned to Edmonton after spending a week at their farm here.

Recent visitors to Athabasca were Mr. and Mrs. Nick Zilinski, Edward Shymoniak, John Matoga, Peter Hominiuk and Eugene Strumelak.

Nick Zilinski was a recent visitor to Edmonton on business.

A number of local farmers report heavy hail damage to their crops and gardens during a recent storm.

Mrs. Josie Hominiuk and infant son are home from the Athabasca Hospital.

Mr. and Mrs. Keith McAuley and son Danny of Edmonton spent the July 1 weekend visiting with Mr. and Mrs. Stan Kanarek and family.

Directors Returned To Office At FUA District 1 Convention

The annual district convention was held in the community hall at Picardville Saturday, June 25. There was a good attendance despite the deplorable roads, due to the continued heavy rains. Some 75 delegates registered from 21 locals and about 25 visitors and guest speakers were also present. The invocation was given by Father La Rouge of Picardville. Councillor J. Nadeau gave the address of welcome on behalf of the MD of Westlock and the Picardville community.

Reports of the year's activities were given by the executive board members. They dealt with the membership, Co-ops, FWUA conference, Young People's Week and the forming of a new sub-district and also a new FUA Jr. local at Rochester.

Fraternal greetings were brought from the Alberta Wheat Pool by E. Ness and from the UGG by W. S. Scarth. F. Oxford gave a short talk on the FUA Car Insurance Pool and other insurance services offered by the FUA to members. He also showed a short film on safe driving.

A contest for the best local's report of the year's activities was won by the Freedom - Naples FWUA with the Jarvie FUA and Freedom FUA as second and third. The full report of these three locals will be published in the Organized Farmer soon. A trophy was presented by Mrs. H. James on behalf of the district to Mrs. F. Anderson, who presented the winning report.

Mrs. C. R. Braithwaite, FWUA president, in her address dealt with the ACWW conference in Scotland, an International Food Bank, Indian and Hutterite problems, study groups with members from industry, manufacturers, labor and farmers to find solutions for mutual problems and many other subjects in which farm women have interests.

G. Doupe, vice-president of the Jr. FUA spoke on topics relating to junior affairs; the queen contest, FYPW and the Gold Eye Lake camp. He stated that contributions in labor and funds were urgently needed before the project can be finished and be a service in the promotion of education to the young farmers.

The FUA president, Ed Nelson, gave an informative talk on matters of current interest to farmers: marketing boards, deficiency payments, a two-price system on grains for export and home consumption, the CGIL, butter versus margarine and many other topics.

He also pointed out the many services the FUA is providing for its members at present, and how these services could be improved and extended within a larger membership. The FUA services are: legal advice, income tax consultant, insurances.

The results of elections were that the following were re-elected by acclamation: T. Foster, FUA director; R. Johnson, alternate FUA director; Mrs. H. James, FWUA director, and Mrs. T. Preuss, alternate FWUA director. Mike Kamelchuk of Prosperity was elected alternate junior director.

Altogether, 23 resolutions were dealt with by the delegates during the busy day. Some of them were: deficiency payments; quota on hogs; bureau of statistics to publish farm cost as well as farm income; establishing hog-marketing boards. Several resolutions were dealing with policy and others with matters brought up at the FWUA conference, and one resolution asked for clarification of the use of purple gas in farm trucks.

One resolution about marketing boards was discussed at length and different opinions were voiced on this controversial matter. It was generally agreed, however, that farmers must improve the quality of their products, as there is no room or demand for poor quality in today's highly competitive market either at home or abroad.

A lunch was served by the ladies of the Picardville FWUA local, who had to work under adverse conditions. Their efforts were appreciated by the hungry delegates.

If you have a tip or a news story, this newspaper will appreciate hearing from you.

Baby In The News

RICH LAKE — Mr. and Mrs. Walter Makie are receiving congratulations on the birth of a son, at St. Catherine's Hospital, Lac la Biche. This is quite an event as the other members of the family are three grownup daughters.

Lac la Biche

Collette and Seline Langevin of Edmonton were home for the Dominion Day weekend.

Guests at the Harry Lobay home over the long weekend included Mr. and Mrs. Steve Antoniuk and children of Smoky Lake and Mr. and Mrs. Bill Lobay and children of Edmonton.

The engagement of Miss Valarie Podealuk and Mr. Tom Pawluk has been announced and the wedding will take place July 23 at the Greek Orthodox Church, Two Hills. The young couple, who were members of the teaching staff in Lac la Bche last year, have accepted positions at Woking for the coming year.

Mrs. A. Perisini and David left by bus and train July 4 for Vancouver where they will visit relatives for a couple of weks.

Guests at the Mastaler home over the Dominion Day holiday included Mr. and Mrs. Harry Metrunic and son Conrard of Innisfree, Mr. and Mrs. Mark Osdchuk and daughter Connie of Westlock and Mr. and Mrs. Tony Hyrnyk of Grassland.

Miss Lorraine Hayduk of Edmonton spent the weekend at her home here.

Mrs. Eileen Uganitz and niece Donna motored to Camrose to visit relatives until summer school opens.

Mrs. Lucille Lange of Edmonton spent several days at the home of her parents Mr. and Mrs. Dan Joncas following her graduation as a nursing aide June 24. She is now on the staff of the Royal Alexandra Hospital.

Mrs. Tom Tkachuk and daughters of Strome are spending the holidays at the E. Tkachuk home.

George Coutney of Edmonton was in town for the Dominion Day holiday.

Teachers from Lac la Biche attending summer school this year include F. McMillan, Mrs. G. Blair, Mrs. J. Hayduk, Mrs. A. Carrier, Mrs. W. Dorish, Mrs. E. Uganitz and Miss V. Torresan.

Miss Audrey Bronson, RN, moored to Calgary over the weekend.

Raymond Pon, of the Royal Cafe, recently had a telephone call from his mother in Hong Kong, some 7,000 miles distant. The conversation lasted about 10 minutes and Raymond reported that he could hear his mother just as plainly as if she were in Lac la Biche.

Miss Denise Richard of Edmonton is spending a couple of weeks holiday with her mother here.

Mr. and Mrs. Roy Tkachuk and baby of Edmonton were visiting relatives in town over the holiday weekend.

Mr. and Mrs. H. Linnell and Morris left the end of the week for several week' holday at the west coast.

The Progressive Conservative women of Lac la Biche, St. Paul and Bonnyville constituency and the adjoining districts are sponsoring a picnic at Moose Lake on Sunday, July 31. Dr. A. Lane, president of the Alberta Progressive Conservative Association will be present. Old and young are cordially invited to attend. If the weather is inclement the picnic will be postponed to Sunday, August 7.

Mr. and Mrs. Noel Plamondon and two children of Trail, B.C., are guests at the home of Mr. and Mrs. Hervey Marchildon.

Louis Jodoin of St. Paul was a recent visitor to town to make arrangements to open up a plumbing and heating business to be located in the Hamilton building formerly occupied by Sam Wooll.

Mr. and Mrs. Gene Martin and boys of Cold Lake were in town for the July 1 sports.

Mr. and Mrs. Mike Franchuk of Canyon Creek were guests at the George Franchuk home over the Dominion Day holiday.

Mrs. Harold Mawson's Sunday school class of junior boys and girls enjoyed a beach picnic last week.

Willis Creighton of Calgary spent the weekend at his home here.

Mr. and Mrs. Mike Perron, accompanied by their daughter Mrs. R. M. Clark of Edmonton, enjoyed a motor trip to Winnipeg and points in North Dakota.

Mr. and Mrs. Olaf Slaather and son Eric of Golden, B.C., are guests at the home of Mrs. Slaather's parents, Mr. and Mrs. Esdras Cadieux.

Steve Bakay of Venice held the winning ticket on the shotgun and Dan Sadonyk of Grassland the winning ticket on the rod and reel, raffled by the Fish and Game Association at the Lac la Biche Sports Day, July 1.

Frains

Mr. and Mrs. Andrew Greschuk of Edmonton visited Mr. and Mrs. Nick Greschuk and family recently.

Nadie Kowalyk, who is employed in Edmonton, spent two weeks holiday at home.

Visitors to Edmonton recently included: Mrs. Annie Kolmatycki, Mrs. Nancy Korolyk, John Pusharsky, Dave Pusharsky and Fred Shyian.

Due to bad roads the movie "Step to Terror" was not shown in the hall on June 22.

On account of heavy rain the bingo to have been held in the school on June 25 was postponed.

Stella Shyian left for Athabasca where she is to obtain employment.

Mr. and Mrs. Johnny Poleschuk have returned from their two-week honeymoon in British Columbia.

LAC LA BICHE Alberta

BY-LAW No. 326

of the Town of Lac la Biche

A By-law to authorize the Municipal Council of the Town of Lac la Biche to incur an indebtedness on behalf of the said town by the issuance of Debentures for the purpose of providing a Natural Gas Supply and Distribution System for the Town.

WHEREAS it is deemed expedient that the Town acquire, either by construction, or partly by construction and partly by purchase, and own and operate a natural gas transmission and distribution system to serve the needs of the residents of the Town;

AND WHEREAS plans, specifications and estimates for the acquisition of such a system have been prepared by T. J. Robertson, B.Sc., Professional Engineer, whereby the total cost of the said natural gas transmission and distribution system is estimated not to exceed $210,000.00;

AND WHEREAS in order to so acquire the said system it will be necessary to borrow the sum of $210,000.00 by issuing Serialized Natural Gas System Revenue Debentures as herein provided;

AND WHEREAS the said indebtedness is to be repaid over a period of 20 years, with interest not exceeding seven and one-half (7½%) percentum per annum payable annually on the outstanding balance, and the principal in 17 installments, the first of such to become due and payable at the end of the 4th year and the remainder each year thereafter, all as herein provided;

AND WHEREAS the whole rateable property of the Town according to the last revised assessment roll is $1,280,150.00;

AND WHEREAS the amount of the existing debenture debt of the Town is $169,586.65 no part of which is in arrears and of which the sum of $54,465.15 is authorized to be collected by way of special assessment;

AND WHEREAS The Town and Village Act, as amended, provides that debenture debt created for the purchase, construction, maintenance, or improvement of a public utility may be made:

(a) a lien and first charge on the gross revenues of such public utility only and not on the taxes, rates or other revenues of the town, and

(b) whenever it appears that such public utility rates are too low to produce sufficient revenue to pay the principal and interest on the said debentures, the council shall, by by-law, provide for the raising of the deficiency by an increase in the said rates;

AND WHEREAS it is estimated that the rates proposed for the natural gas service to be provided by the system authorized hereby will produce gross revenue more than sufficient to pay the costs of purchasing the necessary natural gas, the costs of operating and maintaining the said system in a proper and satisfactory manner, and paying the installments on principal and interest when they become due;

AND WHEREAS by a plebiscite held on the 29th day of May, A.D., 1959, by a vote of 104 for, and 34 against, the burgesses authorized the Council to determine the feasibility of establishing a natural gas transmission and distribution system to be owned and operated by the Town;

AND WHEREAS the estimated life of the proposed system is 30 years minimum;

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE TOWN OF LAC LA BICHE IN COUNCIL ASSEMBLED ENACTS AS FOLLOWS:

1. The Municipal Council of the Town of Lac la Biche is hereby empowered and authorized to enter into such contracts as may be necessary for the construction, or purchase and construction, and operation of a natural gas transmission and distribution system for the said Town, or, if it appears more expedient, for the purchase of any existing transmission line and the construction of a distribution system, such system, howsoever acquired, from and after the acquisition thereof, to be controlled by the Municipal Council of the said Town and operated by and for the said Town;

2. The cost of acquiring the said system shall be paid out of the proceeds of the sale of the Serialized Natural Gas System Revenue Debentures, Series 1960, of the Town, in the principal amount of $210,000.00 as herein authorized; the said revenue debentures shall not constitute general obligations of the Town but shall be payable, both principal and interest, solely from the revenues derived from the operation of the said natural gas transmission and distribution system.

3. The debentures to be issued under this by-law shall be for the said sum of $210,000.00 and shall be dated the 1st day of August, 1960, or upon such day as may be appropriate having regard to the date of the borrowing of the money, shall be payable in seventeen (17) annual installments of principal on the 1st day of August in each of the years 1964 to 1980 inclusive, or on such other day in each year as may be appropriate having regard to the date of the borrowing; the said debentures shall be issued in denominations of $100.00, $500.00 and $1,000.00, shall be numbered, and shall become serially due on the 1st day of August, or on such other day in each year as may be appropriate as follows:

Bond Numbers	Denominations	Amount	Maturity August 1st
AC001-AC080	$100	$8000	Aug. 1, 64- Aug. 1, 71
AV001-AV100	$500	$50,000	Aug. 1, 64- Aug. 1, 80
AM001-AM152	$1000	$152,000	Aug. 1, 64- Aug. 1, 80

PROVISO:

The maturity date of August 1st in each year shown in the above schedule is tentative only and any other date which may be appropriate having regard to the actual date of the borrowing may be substituted therefor.

4. The said debentures shall be issued in denominations of $100.00, $500.00 and $1,000.00 as herein provided, shall bear interest at the rate of not more than seven and one-half (7½%) percentum per annum payable annually and shall have coupons attached thereto for the payment of such interest on the 1st day of August, or on such other day in each year as may be appropriate having regard to the date of the borrowing.

5. The said debentures shall be payable as to both principal and interest and redemption premium, if any, in lawful money of Canada at the principal office of the Guaranty Trust Company of Canada, in the City of Edmonton, in the Province of Alberta, or at the branch of the Provincial Treasury Branch, or such branches of chartered banks located in the Town of Lac la Biche, in the Province of Alberta, each year as may be appropriate having regard to the date of the borrowing.

6. The said Debentures shall be redeemable at the option of the Town on the 1st day of August, 1971, or on any interest payment date thereafter prior to maturity, as a whole, or in part by lot from time to time, at the places and in the money described in the next preceding section, upon payment of the following respective percentages of the principal amount thereof, namely; 103% if redeemed 7 to 10 years (inclusive) before due date; 102% if redeemed 4 to 6 years (inclusive) before due date; 101% if redeemed 2 or 3 years before due date, and 100% if redeemed thereafter; in each case together with accrued interest to the date set for redemption.

Notice of intention to redeem any such Debentures shall be sent by post at least 30 days prior to the date set for redemption to each person in whose name any such Debenture is registered at the address of such person shown in the Debenture Register of the Town, and shall also be given by publication, at least 30 days prior to the date set for redemption, once in a newspaper published or of general circulation in the said Town. In the event of a partial redemption the Debentures to be redeemed shall be selected by lot in such manner as the Council may deem equitable.

If notice of intention to redeem has been given as herein provided, the principal of every debenture to be so redeemed becomes due and payable on the date set for redemption and from and after that date interest ceases to accrue on the Debentures so to be redeemed and coupons calling for payment of interest after that date shall be null and void.

7. The said Revenue Debenture shall contain the following provision:

"This debenture or any interest therein shall not after a certificate of ownership has been endorsed thereon by the secretary-treasurer of this Town be transferable except by entry by the secretary-treasurer in the Debenture Register of the Town."

8. The said Debentures shall be signed by the Mayor and Secretary-Treasurer of the Town of Lac la Biche, and the Secretary-Treasurer shall affix thereto the corporate seal of the said Town;

9. The coupons attached to the said Debentures shall be signed by the Mayor and Secretary-Treasurer of the said Town and such signatures may be engraved, lithographed, or otherwise mechanically reproduced.

10. The proceeds of the Revenue Debentures herein authorized shall be segregated and kept separate and apart from the other revenues and funds of the Town and shall be used solely for the purpose of acquiring, as herein provided, the said Natural Gas Transmission and Distribution System, except that where, upon the completion of the said system, or in consequence of the partial abandonment of the work, there remains an unexpended balance, the Council may apply to the Public Utilities Board for permission to use such unexpended balance in a manner and for a purpose as provided in Section 450b of the Town and Village Act.

11. All of the revenues derived or to be derived from the operation of the said Natural Gas Transmission and Distribution System herein authorized shall be segregated and kept separate and apart from the other revenues and funds of the Town and all such monies shall be administered and used solely as herein provided.

12. For the purpose of effecting and securing the segregation of revenues and accounts as herein provided the following special funds shall be established and maintained by the Town:

(a) "Town of Lac la Biche Natural Gas System Construction Fund," elsewhere herein referred to as the "Construction Fund."

(b) "Town of Lac la Biche Natural Gas System Income Fund," elsewhere herein referred to as the "Income Fund."

(c) "Town of Lac la Biche Natural Gas System Revenue Debenture Retirement Fund," elsewhere herein referred to as the "Revenue Debenture Retirement Fund."

(d) "Town of Lac la Biche Natural Gas System Operations Fund," elsewhere herein referred to as the "Operations Fund."

(e) "Town of Lac la Biche Natural Gas System Surplus Fund," elsewhere herein referred to as the "Gas Surplus Fund."

13. All monies received from the sale of the Revenue Debentures herein authorized shall be deposited in the aforesaid "Construction Fund," and shall be used solely for paying the costs necessarily incidental to the issue and sale of the said Debentures, for the Construction, or purchase and construction, maintenance or improvement, of the said system, and such other costs and expenses necessarily incurred in acquiring the said system or for the repayment of any temporary loans or advances obtained therefor.

No withdrawals shall be made from the said "Construction Fund" except upon the authorization of the Council by resolution and the certificate of the Secretary-Treasurer that such payment is required for a purpose within the scope of this by-law and that the amount of such payment represents only the contract price or reasonable value of the property, labor, materials, service or obligation being paid for.

Any surplus remaining in the said "Construction Fund" upon completion of the system shall be subject to the provisions of Section 10 of this by-law.

14. All revenues derived or to be derived from or in connection with the operation of the said system shall be deposited in the "Income Fund."

On the first day of every month, after the first month in which bills are rendered to customers for natural gas and service supplied by the System, the Secretary-Treasurer shall cause to be transferred from the "Income Fund" to the "Operating Fund," sums sufficient to pay the estimated costs of the reasonable and proper expenses of operating and maintaining the System and keeping the same in good repair and working order, including, without limiting the generality of the foregoing, payments due under any contract which the Town may enter into for the operation and maintenance of the System, or, if there be no such contract subsisting then, salaries, wages, costs of materials and supplies, insurance, and the cost of natural gas purchased by the system and any other costs properly incidental to the prudent operation and maintenance of the said System.

After the sums provided for in the next preceeding paragraph have been transferred as provided, the balance of the monies remaining in the "Income Fund" shall be transferred forthwith to the "Revenue Debenture Retirement Fund."

15. All monies deposited in or transferred to the "Revenue Debenture Retirement Fund" shall be used solely for the purpose of paying the interest and principal on the said Revenue Debentures when such become due, and shall be held in trust for that sole purpose except as provided in the next following section.

16. If, in any year after the first year in which payments on the principal of the said Revenue Debentures become due, after all installments on the principal and interest which have become due and payable have been paid, or sums sufficient to make such payments have been appropriated for such purpose, the balance of monies remaining in the said "Revenue Debenture Retirement Fund" is in excess of a sum equal to one hundred and fifty (150%) percent of the sum required to meet the next installment of principal and interest to become due, then the Council may, by resolution, authorize the transfer of such excess monies to the "Gas Surplus Fund."

17. The Council may by resolution direct from time to time as it deems expedient that any monies standing in the "Gas Surplus Fund" may be used for any of the following purposes:

(a) To be allowed to accumulate for the purpose of redeeming Revenue Debentures prior to maturity as herein provided.

(b) To be paid to the General Revenue Account of the Town.

(c) To pay the cost, or any part thereof, of any extensions or improvements to the System which may be authorized by Council.

(d) To be held and/or allowed to accumulate to provide a reserve for financing any necessary or anticipated replacement or extension of or improvement to the said System.

18. In the event the Council decide that any of the monies in the said "Gas Surplus Fund" be used for the purpose of redeeming Debentures prior to maturity then it shall provide for the redemption of the last outstanding Debentures before redeeming any of a prior maturity date.

19. The principal of and interest on the said Revenue Debentures herein authorized shall be payable solely from the revenues derived by and from the operation of the system and neither the said Debentures nor the interest thereon shall be payable in whole or in part out of funds raised by taxation. Such Debentures shall not be or constitute a general obligation of the Town, nor shall they constitute indebtedness of the Town within the meaning of any statutory limitation.

20 If at any time the balance of the monies remaining in the "Revenue Debenture Retirement Fund" are not sufficient to pay the principal of and interest on the Debentures herein authorized as and when the same become due, then the amount of such deficiency shall be made up by transfer of any available monies from the "Gas Surplus Fund."

21. If at any time the revenues derived from the operation of the System shall be insufficient to make any payment as herein provided, such deficiency shall be made good by making such payments out of the first available revenues thereafter received from the operation of the System.

22. The Council shall fix, establish, maintain, and collect such rates, fees, and charges for natural gas and service furnished by the System as will produce revenues sufficient to provide funds to pay for natural gas purchased by the System, the reasonable and proper cost of operation and maintenance of the System, and to pay the principal of and interest on the said Revenue Debentures herein authorized, as and when the same become due, and to create reasonable reserves as herein specified. And in particular, except as otherwise herein provided, the following rate schedule shall apply to all customers of the System:

(a) Domestic: Minimum monthly charge to include the first two MCF—$3.00. All additional MCF—60c per MCF.

(b) Commercial: (Available to customers using more than 600 MCF per year). Minimum monthly service charge—$6.00. Charge for gas consumed—50c per MCF.

(c) Industrial: By negotiated contract but not less than 35c per MCF.

23. The System shall be maintained in good repair and working order and all installations shall comply with the provisions of the Gas Protection Act, being Chapter 129, R.S.A., 1955, and the amendments thereto, and the regulations thereunder.

24. The Town shall carry and maintain a reasonable amount of comprehensive insurance upon the properties forming part of its System in so far as they are of an insurable nature, the amount and character of such insurance being such as would normally be carried by a private corporation engaged in a similar type of business. In the event of loss or damage, the Town shall use the proceeds of such insurance in reconstructing or replacing, with all reasonable dispatch, the property damaged or destroyed, or, if such reconstruction or replacement is unnecessary then the said proceeds shall be deposited in the "Gas Surplus Fund," to be used as provided in sub section (a) of section 17 herein.

The Town shall also carry and maintain in effect public liability insurance to protect the Town and the System against liability for damage, loss or expense arising from damage to property or injury or death of any person or persons arising in any way out of, in connection with, or resulting from the operation of the System with limits not less than shown on the respective items next following:

Public Liability (Bodily Injury)—One Person, $100,000; One Accident, $500,000.

Public Liability (Property Damage)—One Accident, $100,000; Aggregate, $500,000.

Automobile (Owned, Non-owned and Hired Units) (Bodily Injury)—One Person, $100,000; One Accident, $500,000.

Automobile (Owned, Non-owned and Hired Units) (Property Damage)—One Accident, $50,000.

Each such policy of insurance shall contain a provision obligating the insurer to give the Town written notice of cancellation not less than thirty (30) days prior to the date of cancellation.

The cost of all insurance referred to in this section shall be paid as an operating cost out of the revenues of the System.

25. The Secretary-Treasurer of the Town shall keep and maintain adequate and proper books, records and accounts, in which complete and correct entries shall be made of all dealings and transactions of or in relation to the properties, business and affairs of the System. Such accounts shall show the source and amounts of all revenues received, the application of such revenues, and all financial transactions in connection therewith. Such books, records and accounts shall be kept according to standard accounting practices as applicable to the operation of utilities and as required by the Town and Village Act.

Co-incidental with the annual audit of its affairs required by the Town and Village Act the Town will cause an audit to be made of the accounts of the System for the preceding calendar year. Each such audit, in addition to such matters as may be required by the Town and Village Act, or thought proper by the auditor shall, without limiting the generality of the foregoing, include the following:

(a) A classified statement of gross revenues received, of the cost of gas purchased, of expenditures for all other purposes, net operating revenues, the amount and details of capital expenditures made during the calendar year and the sources from which payment was made;

(b) A balance sheet for the System for the preceeding calendar year to include the balances on hand at the end of such year in each of the special funds authorized by this by-law.

(c) A statement of all Revenue Debentures matured and paid or called for redemption during the preceeding calendar year, and the amount of all interest paid during such year on all Revenue Debentures;

(d) A statement showing the amount and character of the insurance policies carried by the Town on the property of and in connection with the operation of the System, the names of the insurers, the expiration dates of policies, the premiums thereon, and any claims made thereunder and the disposition of the proceeds thereof, if any;

(e) The following statistical information: The total quantity of gas purchased, the total quantity billed to customers, the numbers of customers in each rate classification served by the system at the beginning and at the end of the calendar year, the number of customer services disconnected, and the reasons therefor, and the number of new services, by rate classification connected during the calendar year.

(f) Within 30 days of the completion of each such audit the auditor shall deliver certified copies of all such statements to:

(i) The Mayor of the Town for the information of the Council.

(ii) The Minister of Municipal Affairs.

(iii) The Provincial Treasurer.

If any such audit shall disclose any irregularities or any failure to properly discharge any duty or obligation imposed by any provision of this by-law the Council shall forthwith take such action as may be necessary in order to meet and satisfy all such requirements and to correct any irregularity.

26. In the event that it appears to the Secretary-Treasurer or the Auditors that the balance of the monies available for the payment of the principal of and interest on the Revenue Debentures will be insufficient to meet the payments falling due in any year then the Secretary-Treasurer or the Auditor, as the case may be, shall forthwith advise the following:

(a) The Minister of Municipal Affairs, and

(b) The Provincial Treasurer, and

(c) The Mayor of the Town for the information of the Council.

Upon receipt of such information by the Mayor the Council shall forthwith set a new rate schedule to take effect immediately and such new rate schedule shall be calculated to produce revenues sufficient to raise the deficiency, and provide sufficient funds to pay for gas purchased by the System, the cost of operating and maintaining the System, and to pay the interest on and the principal of the Revenue Debentures herein authorized when it becomes due and payable, and to create reasonable reserves as herein specified.

27. In the event that the Council fails to increase the rates as herein provided and it appears to the Minister of Municipal Affairs that default in the payment of the principal of or interest on any Revenue Debentures herein authorized will occur when the same becomes due and payable then the Minister of Municipal Affairs may take such action as to him seems necessary to prevent such default from occurring, to correct the situation and to raise the deficiency, and, without limiting the generality of the foregoing, may request the Lieutenant-Governor in Council to dismiss the Council and appoint an administrator of its affairs.

28. Nothing contained in this by-law shall be construed as imposing any duty or obligation on the Town to levy taxes either to meet any obligation herein or to pay the principal of or interest on the Revenue Debentures herein authorized.

29. The word "Town" as used in this by-law shall mean the Town of Lac la Biche, in the Province of Alberta. The words "Municipal Council" or "Council" shall mean the Municipal Council of the said Town. The words "Natural gas transmission and distribution system", "Natural Gas distribution system", "Natural gas system", or "System" shall mean the entire natural gas transmission and distribution system to be constructed by and for the said Town, including any portion thereof acquired by purchase or by construction, or hereafter acquired, for the purpose of serving the said Town, its inhabitants, and others with natural gas or natural gas service, including all facilities for the production, treatment, storage and distribution of natural gas, together with all extensions, improvements and enlargements thereof hereafter made or acquired by the said Town.

30. This by-law shall take effect on the day of the final passing thereof.

READ a first time and passed provisionally in Council this 21st day of June, A.D. 1960.

M. MACCAGNO,
Mayor.

F. D. CREIGHTON,
Secretary-Treasurer.

The foregoing is a true copy of By-law No. 326 which has been introduced, and which has been approved by the Board of Public Utility Commissioners order number 24733 dated June 24th, 1960, and which will be finally passed by the Council of the Town of Lac la Biche within four weeks from the assent of the proprietary electors thereto.

Voting on By-law No. 326 will take place at the office of the Secretary-Treasurer of the Town of Lac la Biche between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon on MONDAY, JULY 25th, 1960.

On Tuesday, July 26th. at ten o'clock in the forenoon I will sum up the votes and declare the result.

Given under my hand this 25th day of June, 1960.

F. D. CREIGHTON,
Returning Officer.

Atmore

Mrs. Lloyd Dakin was a weekend visitor to Edmonton where she was house hunting.

Mr. and Mrs. Leo Hurtubise are receiving congratulations on the birth of a baby son.

Mr. and Mrs. Ross Tucker were business visitors to Athabasca last week.

Many people of the district attended the farewell party held in honor of Mr. MacNeil, principal of the Grassland School for nine years. Mr. MacNeil has retired from teaching.

Summer hoildays for Grade 10 and 11 students of the district started June 21. Students from the district who wrote Grade 12 examinations were Miss Beatrice Duigan, Miss Rose Marie Roskewich, Alvin Dakin and Miss Ruby Mae Stanchfield. Students who wrote Grade 9 included Charles and Jacqueline Bossel, Lee Stanchfield and Lorraine Duigou.

Lucien Duigou came from Edmonton last week to attend the farewell party for Mr. MacNeil, held June 28 in the Grassland Community Hall.

The Anglican Church of Grassland held its picnic this year at the Earl Kanzig farm here. There was fun for young and old.

The Rev. W. A. Swindown and Mr. Cowell of Lac la Biche were guests of honor at the James Campbell home on June 19.

The hail storm in the surrounding districts was reported to have done much crop damage; the grain is reported to be stooling in the worst hit fields.

The steady rain in the district has made side roads almost impassable and the highways are full of chuckholes, making driving dangerous.

School ended for all students of the district for another term on June 30.

Miss Beatrice Duigou left on June 28 for Edmonton to seek employment for the summer months.

A meeting of the Anglican Women's Association was held at the home of Mrs. Nancy Nordquist on July 6.

Grassland

Mr. MacNeil, principal of the school here, left Friday morning by bus for Wyoming, where he will visit Bill Mears who is employed by a United States oil cmopany.

Mr. and Mrs. Bill Barnes of British Columbia, formerly of this district some 25 years ago, visited relatives here.

Interior of the local church is being renovated by a group of volunteer workers.

A violent hail storm struck the district last Monday, some fields being damaged to the extent of 100 per cent. Very few farmers carried insurance this early in the season.

Plamondon

Alcide Menard and Andre Plamondon returned from Rocky Mountain House for the holiday weekend.

Ronald Dragon of Edmonton is spending his holidays at the home of his parents Mr. and Mrs. Dave Dragon.

Mrs. Allen Warron of Victoria, B.C., visited at the home of her brother and sister-in-law, Mr. and Mrs. Alec Stratton, and en route back to her home in Victoria will visit with Mr. and Mrs. Stratton's daughters in Brooks and Medicine Hat. It was over 15 years since Mr. Stratton had seen his sister.

Mr. and Mrs. T. W. Pue and son visited in Plamondon on their way to Camp McGrane which they have purchased for a summer home.

TENDERS

SEALED TENDERS will be received by the undersigned up to 5 o'clock p.m. July 12th, 1960, for the supply of approximately one thousand (1000) yards of pit run gravel suitable for street maintenance, to be delivered at locations to be specified with'n the Town of Lac la Piche. The lowest or any tender not necessarily accepted.

F. D. CREIGHTON,
Secretary-Treasurer.

Notice to Creditors and Claimants

In the Estate of FRANCIS HENRY HADLEY, late of Atmore, who died on the 8th day of June, 1960.

Take Notice that all persons having claims upon the estate of the above named must file with Bracco & McInerney, 108 Krozelle Building, Edmonton, Alberta, by the 4th day of August, 1960, a full statement of their claims and of securities held by them.

BRACCO & McINERNEY,
Solicitors for the Administratrix,
108 Krozelle Building,
Edmonton, Alberta.

OPTOMETRISTS

Drs. LeDrew, Rowand, McClung, & Jones

Dr. J. G. Rowand will be in
Plamondon Pelican Hotel on Thursday, July 14 and at Dr. Cadzow's Clinic, Lac la Biche on Friday and Saturday, July 15 and 16.

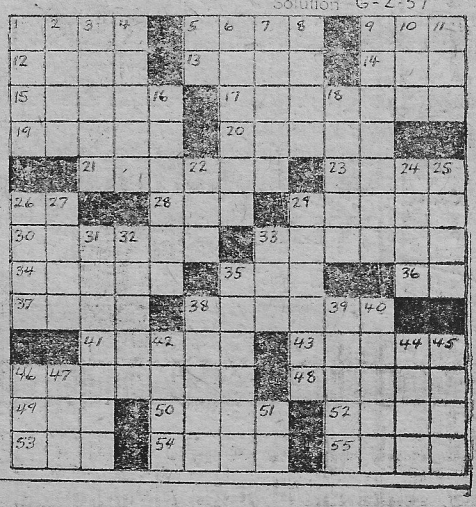
Solution G-2-57



Sharon Whitford Wins Award For Essay On Safety

In a recent essay competition Sharon E. Whitford, Grade 7 pupil of Mrs. K. Gregoire, was prize winner with her essay entitled:

RECREATION SAFETY

On the beautiful day of July 12, 1959, everyone was thoroughly enjoying themselves at the Lac la Biche Mission Beach. Children and teen-agers, as well as adults, covered the glistening beach. This was the day a near-tragedy occurred.

Out on the calm waters of Lac la Biche Lake there was a raft on which there were three boys. The dark-haired chap, Adel, was displaying his skill in his latest dive, the Sailor's Dive. His dark hair vanished and did not appear at the surface for over two minutes. At this time the two boys waiting breathlessly on the raft became alarmed. The very next moment a head was seen submerging, then two emerging. On the raft, Adel Abougoush was given artificial respiration and taken to shore. There, people rushed around trying to locate a local physician. Meanwhile, Dr. Bouvier's wife was giving Adel repeated artificial respiration. When he regained consciousness, it was realized that he was breathing, but unable to move. By then, a doctor and ambulance were there. Adel was rushed to the local hospital, where first aid was administered. He was then quickly removed to an Edmonton hospital and a specialist summoned. The doctor's diagnosis was announced the following day. Adel's spine had been severely injured and he was unable to move.

Adel has been in the Edmonton University Hospital since then and is improving readily. This disaster could have been avoided if the boys had been more cautious and measured the depth of the water where Adel dove. Human carelessness, as usual, is the cause of most incidents such as this.

Owl River

Mr. and Mrs. Peter Cardinal have moved to their farm here, from Lac la Biche. They are busy building their house at present.

Mr. and Mrs. M. A. Diesel and John of Lac la Biche made a Dominion Day visit to his sister, Mrs. Frank Thompson.

Mr. and Mrs. Hugh Pozer and grandson Mark paid an afternoon visit to Mr. and Mrs. Ludwig Diesel and Mrs. Rose Ray recently.

District Residents Visit Greenshields

EGG LAKE — Mr. and Mrs. Joseph Girard and son Eddy recently went on a holiday trip south.

They visited friends in Edmonton, then travelled to Greenshields where they were guests of Mrs. Girard's brother Edmond Grenier. They also visited at the beautiful farms of F. Belzil of St. Paul and J. C. Kallal of Toffield.

To climax the trip, the Girards attended the Wainwright stampede.

Egg Lake

Mrs. Bernard Amiot and Mrs. Denis Amiot recently spent a week in Edmonton.

Miss Jocelyne Picard of Edmonton is visiting at the home of Mr. and Mrs. Maurice Lebeuf.

At the end of this happy life, the man with the most money will find it means very little.

Kikino

Mr. and Mrs. F. Lockwood and family have been in Edmonton for over a week.

Mrs. Tony Beurard and her family are visiting relatives at Goodfish Lake.

District men are cutting and burning brush on the highway east of here.

Mrs. James Bellerose Sr. has returned home after spending a week in the hospital.

Leonard Calliou and son of Edmonton came to spend the week-end with Mr. Calliou's mother.

LAY FASTER-CURING WINDROWS

FOR LESS MONEY...

Use the **NEW JOHN DEERE SELF-PROPELLED WINDROWER**

Windrows that are made with the new John Deere 14-foot Self-Propelled Windrower lie high and lightly on the stubble with heads exposed to the sun. Heads are well distributed over the entire width of the windrow. As a result, air can circulate under and through the crop. The sun cures the heads faster. And, the wide, loose windrows have less tendency to hold moisture after a rain or heavy dew. This reduces the chance of spoilage and also speeds curing.

You windrow up to 75 acres per day with the practical, new John Deere Self-Propelled Windrower. Come in and see it soon.

Lac La Biche SS Wins Silver Cup

The Lac la Biche Evangelical Free Church Sunday School won the coveted silver Sunday School Cup in a recent three month contest. Rev. Frank Wilson of the Kikino Evangelical Church introduced the Silver Cup four years ago in a two-way contest with Goodfish Lake Evangelical Church and Kikino. Until this year Kikino has always succeeded in winning the cup.

In 1959 and again this year five Sunday School's have participated in the contest — Kikino Evangelical Church, Goodfish Evangelical Church, Hylo Evangelical Free Church, Lac la Biche Evangelical Free Church, and the Owl River Sunday School.

The Lac la Biche Church was well deserving of the cup as their Sunday School attendance increased 93 per cent over the contest period 1959.

The cup was awarded to the Sunday School that had the highest number of points. Points were given each Sunday; one point for being present; one point for bringing a Bible and one point for memorizing a Bible verse.

Lac la Biche was in first place; Hylo second; Kikino third; Owl River fourth and Goodfish Lake in fifth place.

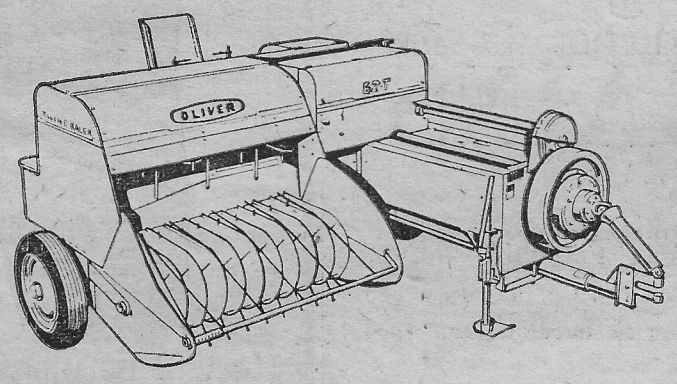
Fast worker . . . up to 12 tons per hour!



OLIVER No. 62-T BALER (Twine-tie)

Whether your crop is slick and dry or rank and tough, long-stemmed or short, this new 14 x 18-inch baler with Oliver's exclusive Roto-Flo feed produces bales of uniform density with minimum handling that saves more leaves. The 62-T has the highest capacity in its class, too; it gobbles up the heaviest bunches of material with smooth, positive action—up to 12 tons per hour, for as many hours as the job takes. The pick-up cylinder can't turn in reverse direction, thus saving spring tines from breaking or bending. And here are still more features that make the 62-T your best baler buy:

- Optional PTO or engine power
- Fast adjustable bale length—12 to 50 inches
- Hypoid-type main gearing withstands toughest conditions
- Simplified drive to packer fingers and feed mechanisms
- Low, smooth crown contour
- Straight double-knife slicing

Come in and see why this fast worker returns big earnings "through thick and thin."

JOHN DEERE 14-T TWINE-TIE

It Has Proved Custom Capacity On Thousands of Farms

Owners have proved the John Deere 14-T Twine-Tie Baler's label—the family-sized baler with true custom capacity.

From the extra-wide, power-driven pickup . . . to the large floating auger . . . through the rugged bale case . . . back to the bale chute, the 14-T is specially designed with tremendous capacity to give you steadier, faster baling.

Equally important, the 14-T is economical, low in first cost . . . a real money saver on maintenance costs. The John Deere is light-running, requires only a two-plow tractor for outstanding work in most conditions. And it's rugged, with extra strength to take the punishment of daily baling in heavy going.

The 14-T's simple adjustments . . . slip clutch and shear pin protection . . . and easy servicing take the "chore" out of baling.

Stop in soon and get the complete facts on the John Deere 14-T Twine-Tie Baler.

MAKE BETTER HAY FASTER . . . GO JOHN DEERE

South Caslan

Felix Desjarlee is back home after spending four months in an Edmonton hospital.

Walter Howse is now back in this district.

Mrs. D. Fredericks is now home after working in Radway.

Mr. and Mrs. John Daniels and son Victor, Marcel Durocher, Mrs. L. Disham and Miss Mabel Joe went to Lloydminster to visit William Houle who is in hospital there.

Peter Joe of this district made a recent trip to Edmonton with his son Edgar.

Art Fredricks went to Edmonton last week.

Miss Elsie Delorme is now employed at McDonald's at Hylo.

Rich Lake Church Sponsors Picnic

HELINA — The Rich Lake United Church held a picnic at the Helina School on June 26.

Those present enjoyed a lunch prepared and served by the ladies of the group.

A special attraction for the children was a wiener roast.

In addition to many local residents the Brierville church group was in attendance at the picnic and church services held earlier in the afternoon.

Card of Thanks

I wish to express my sincere thanks to all who so kindly helped in any way, and for all the Masses, Floral Tributes and letters of condolence in my recent bereavement the loss of my dear husband.

—Matilda Bourassa.

Parade Opens Sports Day

(Continued from Page 1)

game was played. Grassland defeated Lac la Biche 18-1.

Umpires for the day were: senior games, Howard Lett, Joe Nykolaychuk, Clive Linklater; uniojr game, Roy Raines, Mike Missick, Wandering River and J. Johnson, Grassland.

Members of the fire brigade conducted races for the children 14 years and under.

The fire brigade also had a first aid tent on the grounds with Miss V. Stan of the health unit in charge.

Only one accident occurred throughout the day. During the ball game between Vilna and Boyle Bill Dory of Boyle fell, breaking his knee cap.

He was taken to St. Catherine's hospital for treatment where he will be confined for several days.

Larry Pickford of Boyle made the only home run of the day; he was treated to a T-bone steak at Johnnie's Cafe by the proprietor.

The refreshment booth run by the Ladies of St. Catherine's, United Church Ladies' Aid and the Pony Grads catered to the needs of the hungry crowds.

The Canadian Legion and the Lions Club had game booths. The PA system run by Sauer's of Athabasca added much to the enoyment of the ball games.

During the afternoon and evening ackenzie Airways with Murray anes as pilot took a number of passengers for plane rides over the district.

A well attended dance was held in the Memorial hall in the evening with Sauer's orchestra furnishing the music.
